

Team Managers Guide

Helping you and your team make the most
of Community Care Inform Adults

Community Care Inform Adults provides you with a wealth of practice guidance, tools, learning, research and legal information in both bite-sized and in-depth formats.

Whether you, or your team, are struggling with a complex case, evidencing or sense checking decisions or developing your practice, our resources are designed to be quick and easy to understand and apply.

There is a range of content on Community Care Inform Adults specifically designed for team managers, from supervision support to tools to help with managerial skills such as dealing with conflict in teams.

Here are some of the sections of Community Care Inform Adults that may help you:

MANAGEMENT KNOWLEDGE AND PRACTICE HUB

What you need to know	Management skills	Supervision
Guide to the transition from practitioner to manager	Guide to managing practice from a critically reflective position	Social workers' experience of supervision: a research study

Guide to time management		Promoting critical reflection in supervision
Managing newly qualified workers in their ASYE		
Practice education		

What's on offer:

- Tips for new managers and supervisors, as well as those who are experienced but want to freshen up their practice.
- Help in understanding your key responsibilities as a manager, including managing people, finance and resources, and projects.
- Guidance on how to make the transition from practice to management, including how to take a more holistic view of your team's workload, delegate, and exercise authority.

DESIGNED TO GIVE CONFIDENCE TO YOU AND YOUR TEAM

Community Care Inform Adults gives practical guidance on a huge range of topics, we take extensive research, legislation and case law and present what this means to practice. The tool is designed to be a 'go to' resource if you or your team ever feel like they need to 'sense check' a decision or need any guidance. It is always worth reminding your team that they have access to Community Care Inform Adults as it should enable them to feel more confident in their work.

LEARNING TOOLS FOR YOU AND YOUR TEAM

If you scroll down the main home page you will come to the learning tools section of Community Care Inform Adults (or you can find this page through searching 'learning tools' on the search bar).

On this page you will find a collection of some of our most popular tools for individuals or groups of professionals to use in their learning and professional development. The case studies, webinars, podcasts and learn as a group CPD sessions are featured here to support your team's development.

Handy tip!
You could ask your team to log their learning in the CPD log on Community Care Inform Adults and bring this to supervision.

The banner is titled 'Learning tools' and contains six items:

- Learn on the go podcast: child sexual abuse - working with the whole family
- Learn on the go podcast: fabricated or induced illness
- Learn on the go podcast: parents with learning disabilities
- Learn as a group: sibling sexual abuse - working with families
- Learn on the go podcast: criminal exploitation and county lines
- Learn on the go podcast: social media

On the right side of the banner is a button with a star icon and the text 'Log your CPD Learning'.
